

# Fixed Income

Second Quarter 2018

## Investment Philosophy

We believe that active sector rotation combined with disciplined risk management results in consistent, value-added returns.

- Formulate strategic intent of portfolio to meet client needs
- Team-driven strategy and execution
- Opportunistic to provide competitive returns
- Seek to manage downside risk

## Investment Process

Our fixed income strategies follow a team-oriented, disciplined, top-down investment process.

### 1. Formulate market outlook to derive:

- Yield curve positioning
- Duration targets

### 2. Determine sector weightings based on:

- Relative value
- Sector and subsector outlook

### 3. Conduct extensive analysis on each security:

- Fundamental and structural analysis
- Relative valuation
- Risk/reward profile

### 4. Construct portfolio within strategic framework:

- Verify strategic intent
- Sector and sub-sector weights
- Security selection in support of portfolio risk/reward profile
- Duration and yield curve management

## Emphasis on Risk Management

Our portfolios are constructed with an emphasis on risk management through diversification, exposure limits, and duration range.

### Integrated Approach:

- Validate duration and yield curve positioning
- Ensure sector weightings are consistent with portfolio strategy
- Apply portfolio quality and diversification guidelines on a per security basis
- Evaluate risk on absolute and relative-to-benchmark (tracking error) basis
- Verify strategic intent as market conditions change
